Q

How has your overall experience been with the Daikin Elite Development Program powered by EGIA Contractor University?

All good and positive.

What elements of the Daikin Elite Development Program, powered by EGIA Contractor University, have you found most beneficial to your company?

Having resources like position descriptions in the best practices library comes really handy. We love that each resource is organized by departments and divided into manageable sections instead of having everything in one full video. We also love the virtual trainings, it helps companies like us who can't always send people to in-person trainings. Having that readily accessible from wherever is very convenient.

A

What have you been able to improve in your business as a result of the Daikin Elite Development Program powered by EGIA Contractor University?

Onboarding new employees has been such an improvement for us. Being able to custom populate their training access based on their roles makes it easier to have them set-up with an appropriate trainings right away using the platform. It saves on management time, and we know they will be getting quality training.

How would you compare the Daikin Elite Development Program, powered by EGIA Contractor University, to other business training programs you have used/experienced in the past?

That's hard to say since we haven't really tried any other training platforms, we started with this and we like it so we continue to use it to train our team and improve our process.

What type of financial impact would you say the Daikin Elite Development Program, powered by EGIA Contractor University, has had on your business?

Financially, it helped me to organize my thoughts bringing on new employees for different positions and that's constant. Being able to make things more efficient with that kind of organizational help saves on time which always translates to money savings.

What would you tell other contractors who may be considering signing-up for the Daikin Elite Development Program powered by Contractor University?

If you are looking for a great place to help you get organized and structured and grow, sign-up. We also find it to be very user friendly compared to other resources out there which can be very complicated and burdensome. Not to mention the great customer service it comes with it. If you need anything or have any questions, we know we can just pick up the phone and call my account manager and we will be helped immediately.
